The Regional Transportation Authority, a political subdivision of the state and independently governed, has invested more than \$1.3 billion in transportation projects and services to improve mobility, safety, economic vitality and quality of life in the region. The RTA collects a half-cent excise (sales) tax from its special taxing district within Pima County to fund its 20-year regional transportation plan. The plan and tax were approved by voters in May 2006. The Grant Road Improvement Plan is part of the RTA plan and is managed by the City of Tucson. For more information, visit www.RTAmobility.com.
