

**- Grant Road Improvement Project -**

**MainStreet Business Assistance Program**

The Regional Transportation Authority's (RTA) MainStreet Business Assistance Program is a free, regional based, business assistance program focused on minimizing the economic impact of the transportation improvement project on businesses located along and close to each Regional Transportation Authority (RTA) project.

These free services are part of the RTA's 20 year regional transportation plan approved by voters in May of 2006 and are provided to business owners and managers whose business is located within the impact zone of the transportation improvement project. Additionally, the decision as to whether or not you take advantage of these free services is up to you - each business owner or manager.

Please take a moment to review the MainStreet Business Assistance Program's Frequently Asked Questions (FAQ's). We are here to help you and your business get to, through and beyond the Grant Road improvement project and we look forward to working with you to accomplish that goal.

Please contact us at your convenience to discuss how the free services of the MainStreet Business Assistance Program can begin to benefit your business, sooner rather than later.

Sincerely,

Britton Dornquast, Manager  
RTA - MainStreet: Business Assistance Program  
177 N. Church Ave, Suite 405
